Create the shift you want

! Linking with ShiftBoard and approval must be completed already

1 Register a new shift

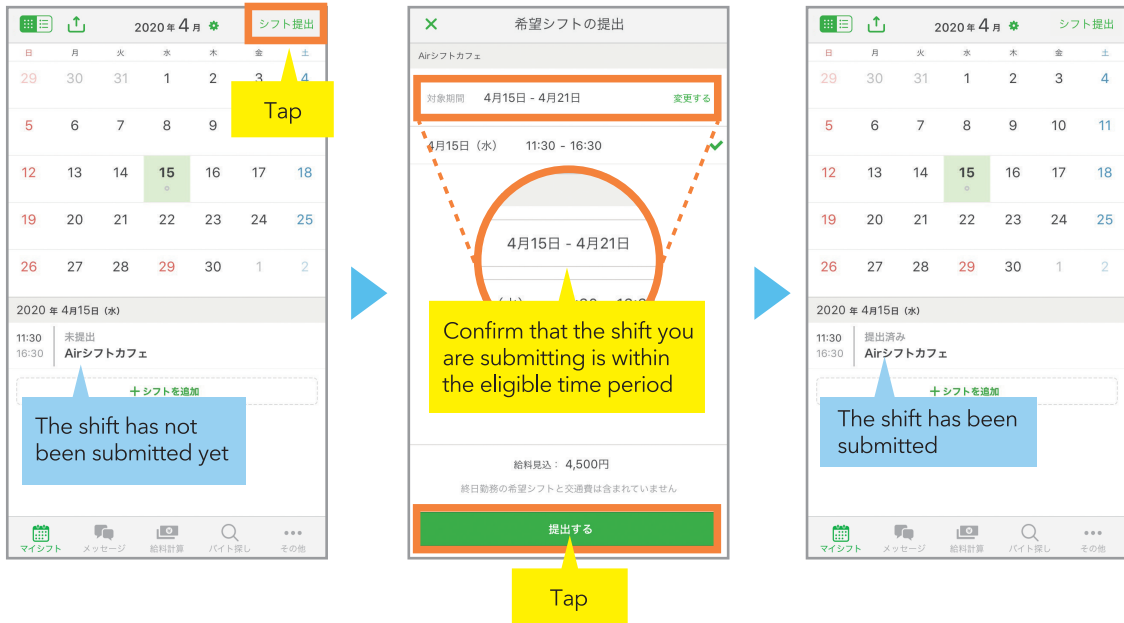

2 Enter your work preferences or your preferred days off

*At this point, the process of submitting your shift to the store is not completed yet.

Submit your preferred shift to your workplace

Submit your preferred shift

- ❗ **Wait for the store manager (the shift manager) to confirm the shift. After it's been confirmed, a message will be sent.**

Check! My shift doesn't show up on the submission screen

If the date of the shift you have created is not included in the "Eligible Period", the shift will not appear on the submission screen. If you do not see the shift you created, please check and change the "Eligible Period".

Check! I can't submit my shift

The "Workplace" might not have been selected for the shift you created, or the "Workplace" might not contain any stores that have already been linked. Please check the "Shift Details" for the created shift and recreate the shift if necessary.

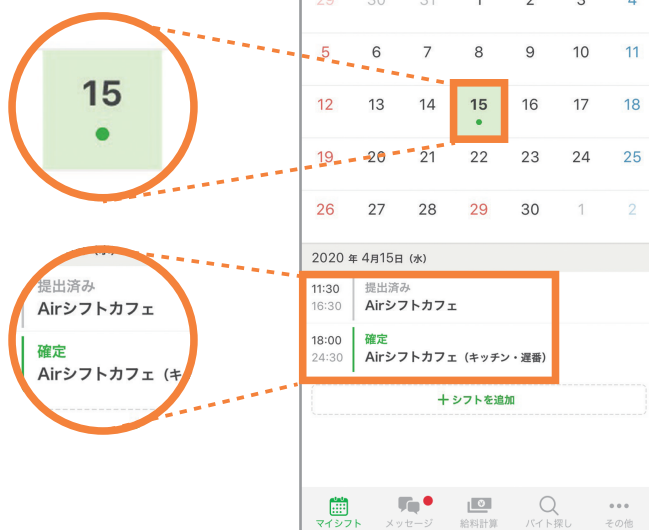

Check the confirmed shift

Check with the calendar

You can check the shift that your store manager has confirmed on the **"My Shifts"** screen.

The confirmed shift will show up as green circles on the "My Shifts" calendar, and it will also show up as "confirmed" on the list at the bottom.

Your preferred shift that was submitted will be displayed as "Submitted" on the list at the bottom.

! When the shift has been confirmed, a message will be sent.

Check! You can also check it through your messages

When you tap the "Messages" section at the bottom of the screen, and then tap the store name of your workplace, you will be able to check the confirmation message sent from the store about your shift.
